FAQ: 2020 Marching Band Season

- Why are you holding off on advertising the marching band fee or passing required forms out?
 - We want to wait until we have a clearer idea of what the season might look like. We are patiently waiting for the Virginia Department of Education and Loudoun County Public Schools to give guidance on extra-curricular activities.

- What if there are limitations on field trips or if they are cancelled? Will there be a season?
 - We are going to continue to think positively. The most important aspect if there is a season is the safety of students and staff. Marching band can also be a flexible activity. Until we know more, we are planning as if there is a full season.

- Usually there is food provided for some portion of band camp. How will that work?
 - Depending on the guidance we receive, students may have to provide their own food from home. There are ways to get creative and we can ask for individually boxed meals for band camp depending on the provider.

- What if the county limits distances on field trips?
 - In anticipation of this, most of our competition performances have been scheduled locally for this upcoming season.

- How will marching band look if LCPS implements a hybrid attendance model for in person learning?
 - Marching band will most likely follow suit in limiting the number of students who can practice at a time. This would depend on guidance from county officials and administration.

- If there is a season, when will we know how much it will cost?
 - Once we get guidance and an idea of what the season will look like, we will be sure to contact you via the email address you provided on your registration. LCPS has said they are going to make determinations in the month of June. Once they have announced how the school year will start and how activities will work, we will make our fee determination. Within that email will also be the appropriate forms required for the upcoming season.
