

### **Concession Stand Volunteers**

Once the half time show is completed, the concession stand volunteers should make their way over to the concession stand. Enter at the door on the right hand side of the concession stand. The band members will order through a window on the right side of the booth, not in the front. Take each members order. Prices are posted on a sign hanging from the ceiling. Figure out the total owed and collect the money and give out the change. One of the volunteers from athletics will make the noodles and nachos and get the drinks for you. You can provide the students with other foods offered (hot dogs, Chick-Fil-A sandwiches, fried rice, etc). Once all the band members have received their food, your shift is over.
